

## MBC-Facts: Businesses

### Start-up and founding

**To take on and overcome entrepreneurial challenges is part of the daily lives of owners, directors and managers. However, today entrepreneurs are also confronted with various administrative and (finance-) strategic problems that distract from the real core business and bind resources.**

**MBC offers extensive support, so you and your employees can fully concentrate on the essentials.**

To start a business or introduce own products or services to the market is an exciting challenge. It is of outmost importance to enthuse the relevant target groups swiftly and strategically grounded for your offers and to open up the market.

MBC assists you during conception, development and of course further along the road. We support you with your business plan as well as during the whole foundation procedure. For when your business has been set up, many requirements have to be complied with.

From dealing with authorities, obtaining necessary applications and permits to legal advice – you can rely on our support.

Especially start-ups are confronted with many challenges that are completely new to them. Appropriate personnel have to be chosen, suitable property for the company has to be found and a new concept for the administrative areas has to be developed. But it does not end there:

The implementation of accounting processes and tax planning have to be well structured from the get-go. You can rely on our competence and experience.

MBC supports you as follows:

- Dealing with authorities
- Obtaining applications and permits
- Implementation of accounting and merchandise management systems
- Tax planning
- Legal questions
- Building up the administration
- Looking for property
- Recruiting
- Approval procedures for foreign employees
